- Troubleshooting black box system errors

EDUCATION

Keele University

Staffordshire, UK

Bachelor's of Science, Computer Science

Sep 2017 — July 2022

PROJECTS

- Contributed code to open source repositories, including **fsautocomplete** and **rust-analyzer**

fsharp-tools.nvim

github.com/SoxPopuli/fsharp-tools.nvim

- NeoVim plugin to help with F# development

tmux-sessionizer

github.com/SoxPopuli/tmux-sessionizer

- CLI tool to enumerate user directories recursively and open new tmux sessions
- Benchmarked and optimised for max speed and performance

unbiff

github.com/SoxPopuli/unbiff

- Tool to unpack .bif files from the Aurora game engine

Vulkan 3D renderer

github.com/SoxPopuli/3rdYrProject/tree/main/code

- Basic 3D renderer written from scratch using Rust and Vulkan

SKILLS

- **Programming Languages:** Rust, C/C++, F#, C#, Scala, Java, Kotlin, OCaml, Typescript, Elm
- **Technologies:**
 - **Version Control:** Git
 - **Code Analysis:** clippy, miri, gdb, lldb, valgrind
 - **Editor:** NeoVim
 - **Web Technologies:** Docker, NGINX, React, ASP.Net
 - **Build Tools:** CMake, meson, make, just
 - **Cloud:** AWS, AWS CDK, Serverless Framework
- **Languages:**
 - **English:** Native
 - **Japanese:** Intermediate
